# STUDENT LIFE

*"Everything we do is for our future. Our desire is to educate a free and broad-minded creative person who is able to make independent scientific and ideological decisions."*

Our students become winners and awardees of national and international competitions both in scientific fields and in the field of culture and sports. The University has a sports and recreation camp for students "Olympus" on Shchuchy Lake, and a boarding house for students and teachers, located on the picturesque shore of Lake Baikal.

Students are active not only in sports, but also in scientific events of various levels. Students can develop their creative abilities participating at on-stage performance groups, the most famous of which is the Folk student ensemble "Baikalskie Volny" (Baikal Waves), which is the "hallmark of the university" and a multiple winner and awardee of various competitions.

There are conditions for development of physical education and sports and there are sections in more than 10 sports for students. Masters of sports, members of the Russian national team, winners and prize-winners of the championships of Russia, Asia, Europe, the World, winners of the Universiade, winners of the Olympic Games are among our students and graduates.
